- C12: Asbestos Management
- C13: Legionella Management
- C14: Liquid Petroleum Gas Management
- C15: Heating Oil Storage and Management
- C16: Radon Management
- C17: List of Risk Assessments, Policies and Procedures to complement this Policy

Section A – Introduction:

A1 – Explanatory Notes

1. This policy shows how Allington Primary School manages health and safety.
2. Governors will ensure that all staff are aware of the policy and what the policy means for them.
3. The policy will be reviewed annually.
4. The policy is a management tool and will be provided to inspectors and auditors where applicable.

A2 – The Law Regarding Health and Safety Policies:

A written health and safety policy is a statutory requirement where an employer employs five or more people. It must be brought to the attention of the employees, and shown to an HSE Inspector or other inspectors and auditor if requested.

An explicit safety policy demonstrates to staff, pupils and visitors that the organisation values their health, safety and welfare.

The allocation of responsibilities and the writing down of particular arrangements to implement the policy encourages a coherent approach to the management of health and safety.

This policy is based on a model provided for schools by Kent County Council on the website www.kelsi.org.uk. It is supported by additional guidance and supporting documents also available on the Kelsi website. In revising the school's health and safety policy, updates to the model, associated guidance and suggested detail can be presented to staff for consultation, to add specific content. After any appropriate re-drafting, this can then be presented for approval to the school management team before final adoption by the governing body. Therefore, writing the policy in consultation with all staff clarifies the arrangements made and helps give them ownership.

This process also provides for information to be shared later with others such as visitors and contractors.

The policy will then be reviewed annually in line with the cycle on the management plan but will be amended if new legislation/procedures etc. make this necessary.

Health and Safety at Work Act 1974

HEALTH AND SAFETY POLICY STATEMENT

of

Allington Primary School

A3: Statement of Intent:

The Head of School and Governors are committed to establishing and implementing arrangements that will:

- ensure staff and pupils are safeguarded when on school premises, or engaged in off-site activities (e.g. school trips, sports events etc.).
- ensure the premises for which they are responsible have safe access and egress for all staff, pupils and visitors.
- provide adequate facilities and arrangements for welfare.
- provide and maintain safe plant and safe systems of work without risks to health.
- ensure safe use, handling, storage and transport of articles.
- provide suitable information, training, instruction and supervision to keep all staff, pupils and visitors safe.

Section B – ORGANISATION

B1: Employer Responsibilities

The Orchard Academy Trust, as the employer has a statutory duty in respect of health and safety in Allington Primary School to ensure that premises and people are healthy and safe.

The responsibility is devolved to the Head of School, who has day to day responsibility for staff, pupils and others as 'officer in charge' of the premises.

The Head of School and Governors will ensure the overall implementation of the policy.

B2: Head of School Responsibilities

- To ensure this policy is reviewed annually, or before if there are any changes in circumstances;
- To ensure that employee responsibilities regarding health and safety are included in his/her job description and that it is properly received and understood;
- To include health and safety issues in the school improvement plan, if necessary;
- To carry out regular health and safety inspections (at least three times a year) and take remedial action as appropriate;
- To undertake risk assessments, record significant findings, and review annually, or before if there is a change in circumstance;
- To receive and deal promptly with raised issues or complaints about unsafe premises, equipment or work practices;
- To liaise as relevant with KCC property and infrastructure support and/or the building maintenance consultants and/or with contractors to resolve property maintenance issues;
- To ensure that the requirements of any enforcement officer (e.g. HSE Inspector, Environmental Health Officer, Fire Liaison Officer, or Environmental Agency Inspector) are properly addressed;
- To ensure that emergency evacuation procedures are in place and tested;
- To ensure that adequate first aid provision is available and kept up to date;
- To report health and safety issues to the governing body on a regular basis;
- To monitor and review all health and safety policies and procedures.

NB: Tasks can be delegated to other staff members but the responsibility remains with the head teacher.

B3 – Trust’s Responsibilities

- Responsibility for the health and safety of pupils lies with Orchard Academy Trust, either as the employer of school staff or because it controls school premises (or both).
- The Trust Board will promote a strategic overview for health and safety.
- The Trust Board will take all reasonable measures to ensure that the premises and equipment on site are safe and do not put the health or safety of staff, pupils or visitors at risk while they are on the premises.
- The Trust Board will comply with any directions given by the Department for Education concerning the health and safety of persons in school, or on school activities elsewhere.
- The Trust Board will ensure the Schools make adequate provision for maintenance of their premises and equipment within the school’s budget.
- The Trust Board will support and monitor health and safety within the school.
- The Trust Board appoints a monitoring pair to coordinate health and safety from a strategic point of view.

B4 – Staff Responsibilities

- Must take reasonable care of their own health and safety and that of others who may be affected by what they do or fail to do.
- Will co-operate with their employer on health and safety matters.
- Will not interfere with anything provided to safeguard their health and safety or that of others.
- Have a duty to report all health and safety concerns to the head teacher or their line manager.

B5 - Consultation with Employees

It is a legal requirement to consult with employees on health and safety issues. A Safety Committee is where formal consultation with employees takes place, but individual and group staff meetings are also appropriate forums for communication on health and safety matters and concerns. Health and Safety is a standing item on all staff meeting agendas.

B6 – Information, Instruction and Supervision

Under health and safety law it is a legal requirement to display or provide a leaflet version of the Health and Safety Law poster.

- A copy of the Health and Safety Law Poster can be found in the staff room and in the main foyer.
- Supervision of young workers/trainees will be arranged/undertaken/monitored by the Head of School or other delegated key members of staff.
- The Head of School will supply adequate information, instruction and supervision for all staff, pupils and visitors to ensure their health and safety.

B7 – Competency for Health and Safety Tasks and Training

- Induction training will be ensured for all members of staff by the Head of School.

- Training will be identified, arranged and monitored by the Head of School and the trust board.
- Staff are also responsible for drawing to the attention of the Head of School their own personal training needs.
- Training records will be easily accessible for audit purposes and will be kept up to date.

B8 - Monitoring

- The Head of School will check working conditions and ensure that safe working practices are being followed. Regular inspections will be undertaken of the school building and grounds three times a year.
- The Head of School is responsible for investigating accidents and the accountability lies with the Head of School.
- The Head of School is responsible for investigating work-related causes of sickness and absences and the accountability lies with the Head of School.
- The Head of School is responsible and accountable for acting on investigation findings in order to prevent a reoccurrence.
- The local trust board will monitor the above actions.

Section C – ARRANGEMENTS

C1: School Activities

- The Head of School will ensure that risk assessments are undertaken.
 - The significant findings of all risk assessments will be reported to the governing body and to all relevant staff, contractors and visitors who may be affected.
 - Any actions that are required to remove or control risks will be approved by the Head of School or their delegated responsible person.
 - The Head of School or delegated responsible person will check that the implemented actions have removed/reduced the risks, and
 - All risk assessments will be reviewed on an annual basis or when the work activity changes, whichever is the soonest.

C2: Visitors

- All visitors shall be directed by clear signage to the reception and must report to the school office, where appropriate arrangements for the signing in and out and identity badges will be provided, noting registration numbers as appropriate.
- All visitors shall be made aware of the school's fire arrangements in the event of a fire.
- All visitors shall be made aware of the school's emergency procedures.

C3: Fire and Emergency Procedures

- The Head of School is responsible for ensuring the fire risk assessment is undertaken, controls are implemented and that it is reviewed annually.
- Emergency exits, assembly points and assembly point instructions are clearly identified by safety signs and notices.
- Employees are taken through the Emergency Procedure as part of their Induction and updates to the procedure are emailed to staff when necessary.
- Emergency evacuation will be practiced at least three times a year and a record will be kept with the Site Manager.
- Kent Fire and Rescue will be contacted by the office staff.
- Regular testing of fire alarms will occur every week by the Site Manager. A record will be kept with the Site Manger.
- The fire log book will be kept in the school office

C4 Fire Fighting

Staff should only use fire extinguishers if trained in how to operate them safely. If trained, they should only use the extinguisher if confident to do so and not put themselves or others at undue risk. There should always be a clear escape available. Ensure the alarm is raised BEFORE attempting to tackle a fire.

All chemicals will be stored in accordance to the Control of Substances Hazardous to Health (COSHH) assessment. List of hazardous substances will be provided to fire officer in the event of a fire.

C5: Maintenance of Fire Precautions:

The Head of School will ensure regular maintenance of:

1. Fire extinguishers
2. Fire alarms
3. Fire doors
4. Fire safety signs and identification of escape routes
5. Emergency lighting and other emergency equipment

C6: Bomb Alerts

Bomb alerts will be dealt with in accordance with the school's emergency planning arrangements.

- The Head of School is responsible for ensuring the bomb alert procedures are undertaken and implemented.
- Guidance on bombs/suspicious devices or packages will be circulated to staff annually.

C7: First Aid Arrangements

- The Head of School will ensure that there are an appropriate number of designated and trained first aiders in the school. Details of first aiders are kept in the main office.

- The Head of School will ensure that there are an appropriate number of first aid boxes, with instructions. First Aid equipment can be found at the Office and in classrooms where you see a yellow First Aid sign displayed.
- A First Aid risk assessment will be carried out by the Head of School to determine the above factors
- The school will record significant injuries via a school accident form for staff and on KLZ for children.
- All reportable incidents under RIDDOR will be reported to the HSE by school.
- Parents will be invited to complete the consent form for medical treatment in accordance with school policy and DFE guidance.

C8: Information Technology

- The Head of School will ensure that suitable arrangements are in place for the use of information Technology.
- Information Technology will be installed safely, with due consideration given to ventilation for server rooms and computer suites and to hazards such as asbestos and working at height.
- Where laptops are used, safe systems of work including charging and use of trolleys will be devised.
- Assessments for users of Display Screen Equipment (DSE) will be carried out in accordance with the Health and Safety (DSE) Regulations 1992 (as amended in 2002).
- The KCC guidance on interactive whiteboards will be followed.

C9: Legal Requirements for Premises

- The school will comply with the requirements of the Workplace (Health, Safety and Welfare) Regulations 1992 with regard to facilities for staff such as lighting, heating, ventilation, space, condition of floors and general welfare facilities.
- The school will comply with the arrangements of the Education (School Premises) Regulations 1999 with regard to school facilities such as washrooms for pupils and staff, medical accommodation and indoor temperatures.

C10: Safe Handling and Use of Substances

- The Head of School is responsible for identifying all substances which need an assessment under the Control of Substances Hazardous to Health (COSHH) Regulations 2002.
- The Head of School or delegated responsible person will be responsible for undertaking COSHH assessments.
- The Head of School will be responsible for ensuring that all relevant employees are informed about the COSHH assessments.
- The Head of School will be responsible for checking that all new substances can be used safely before they are purchased.

- COSHH assessments will be reviewed on an annual basis or when the work activity changes, whichever is the soonest.

C11: Inspection of Premises, Plant and Equipment

- The Head of School will arrange for formal inspections of the premises, plant and equipment to take place three times a year and draw up an effective maintenance programme.
- All identified maintenance will be implemented and overseen by the Site Manager.
- Routine checks may be undertaken by a combination of Class teachers, Governors, caretaking staff and the Head of School using the checklists.
- Access to store rooms; boiler rooms; tank and plant rooms should also be checked, including checking for inappropriate storage of ladders and other equipment.
- Where damaged asbestos is encountered or suspected, procedures, as laid down in the KCC Asbestos policy, will be followed.

C12: Asbestos Management

The school will arrange for a management asbestos survey to be carried out every three years in line with KCC policy. The Head of School will ensure that the KCC asbestos Management Policy is followed. An asbestos docubox will be kept on reception and staff will ask all contractors to check the survey and sign to say that they are aware of where the asbestos is within the building. The Head of School or the delegated responsible person will monitor areas where asbestos material is present, record significant findings and arrange for remedial works to be carried out if necessary. All works undertaken will be updated in the asbestos survey on completion.

C13: Legionella Management

The school will arrange for a water hygiene risk assessment to be carried out every two years in line with statutory requirements. Assessments identify if there are areas where conditions are such that legionella bacteria could grow; list any required works; and include details of future monitoring requirements that the school is responsible for. Therefore all identified remedial works will be incorporated into the school's maintenance programme.

Monitoring of the water system is also a statutory requirement and the school will ensure this is undertaken. This will include taking temperature readings, recording these in the log book and de-scaling spray outlets.

C14: List of Risk Assessments, Policies and Procedures to complement this Policy

- Asbestos management
- Control of chemicals hazardous to health (COSHH)
- Electricity at work including portable appliance testing
- Emergency Planning
- Fire – including responsibilities of the fire wardens
- First Aid Policy
- Infection control - see website for further information
- Legionella Policy
- Lone working information guide
- Managing contractors guide
- Off-site visits information
- Pedestrian and people movement

- Playground supervision timetables
- School events - Risk Assessments
- Slips, trips and falls guidance
- Stress management guidance
- Working at height information
